

Ship George Baxter journal

Chas J. Sec the a

Laught per. Green at 10 am
3. 49.15

All these new ones Henry Brown
found the 1st and pleased Lewis
an spent weeks in trying to
stirring down a hair in with an
to which how but but not
found round but by the 1849

Friday Dec the 03

All those 24 acres I quit of
them from NW to SE
and frequent rains signals herein
to the NW corner where
rails & timber are late now,
Lat by the 13th: 9' 4" north.

Saturday Dec 4

Came across the moderate stream
from the NW. Had a heavy mist
begin to the NW. Winden (Short
Chill) latter part. Wind, hark
to the S. S. W. at night. Wind
all night. Steam W. by S. end, in
thick weather and strong wind.

Sunday Dec the 5th

All Hare, 29.2000s Chancy Brown
from S.W. and happy headmist.
the 28.20.00 are 20.00 about and
lit 9.00.00 and their near white
to the S.W. 10.00.00 Lat 30.00.00

Monday I came the 6th

Came in with bark ship,
from the U.S.W. and foggy
stead to the S.W. at sunset
thunder with wind with the
and latter part moderate at day
light mail all sail headed on
express track at 10 saw to the bark
board and took one of them at
noon took him to the ship ward.
Lat 14° 06' N 84° 44' E Long 289

Monday Dec the 4 day

first part employ in cutting
at 4 1/2 in and towards the middle
middle and latter part calms more
and the loan I had but not passed
I sail in late road this day
Lat Deg N 35 35 5 South

on A Whaling Cruise 1830 in the Year of

Wednesday Decr 8

All those reasons were quite useless
 from the C and pleasant rain.
 I waited for a day and got a physician
 but I got of him in an hour and let the
 rest go 4 ships in site.
 Got by 3h 15 42 South

Shunday Section

All the one a young moderate disease
from the 8 and pleasant hearing
our dignified teacher at 8 A.M. passed
to A. H. and at 9 A.M. at 10 took him
to the ship and Lawrence's building
10 and is not in with 8 & 16

Paying Rec^d the 10th day

All those 240000 were quite pleased from
the CG and pleasant at a PM concert
during the Ukiah at 2 hours. I again
and thank dear mother. Ukiah at 9. I said
at sunset that. bin to the ship. latter
part but bin in to a 3 this day.
Last May Ch 26.01 South

Patented by George Mead

first sent Mary Beavers from the
Newbury at a full tide. She
stepped to the 5th truck in list
and Larp Bay made our latter
portmate in employ in
Dagling at 10 o'clock was on
at half past 3 to to of them
at 11 Sunday, in going them
to the ship at Bay at 1849

Sunday Dec the 12

All those 24 cows were taken down from 3rd Water truck the 25th to the ship and put one of them in each pasturage in Bayling and staying down is as this day.

Monday Dec. the 13

Went from the S.W. Cut in
the afternoon. Whait and went fast in
in Knapley and storming down and
setting up Shacks or bait in with
