 If he lead a single life;
 The way the girl are now brought up
 He can't support a wife.

There was when girls could card and spin
 And wash and bake and sew;
 But now the have to keep a maid
 If they have taught to do.

I do not blame the bachelor!
 His courage must be great,
 To think to wed a modern Miss,
 In small be his estate.

Time was when every old help to by
 The land they'd pay to till
 And saddle down - still the corn
 And ride away to mill.

The old bachelor is not to blame;
 If he's a prudent man,
 He now must lead a single life
 And do the best he can.

Some go to Church just for a walk
 Some go there to laugh & talk
 Some go there the time to spend
 Some go there to meet a friend
 Some go ~~there~~ ^{to} learn the job was done
 Some go there to wound his fame
 Some go there for speculation
 Some go there for observation
 Some go there to doze & nod
 But few go there to worship God
