

Bound to Mangunia, New Zealand.

Tuesday March 2nd ~ ~ ~ 1869

This day Moderate winds from South to S. West - a little squally all sail set steering S. East by East all sail set that port down, employed washing our paint work inside of our ship had proposes struck and saved one, we had some good surprise balls for supper, Distance from the North Cape 135 miles, find our ship to be in the latitude of 35° 40' S

Wednesday 3rd S. West winds steering towards the S. East at 2 P.M. sighted the North end of New Zealand throughout the night a smart breeze from the South drove us up sails and lie off land on the land until morning then shaped our course for Mangunia,

Thursday 4th in Port, Mangunia, N. Zealand This day good weather winds variable, sailing along the land saw one big, and one chance, at 6 P.M. anchored our ship in Mangunia outer harbor in 7 fathoms of water, found lying here the Three Brothers, Bk Choral, and Bk Minerva all three of dead beefhead, the No. is eight months out with 250 bbls of oil, the Choral five months out with 40 bbls,

Friday 5th good weather all hands hard to work breaking out coopers our bread and flour and getting casks ready for water received on board some fresh meat, potatoes, onions. and some peaches, took on board 100 bbls of water.

Saturday 6th Good weather all hands to work took on board about 100 bbls of water and stored it down,

Sunday 7th Good weather nothing doing on board Starboard watch on Liberty all returned on board at sundown but three in good order

Ship at Anchor in Mangunia, N. Zealand

Monday March 8th ~ ~ ~ 1869

Good weather Starboard watch on Liberty, came off to the ship again in tolerable good order the Starboard watch employed stowing down lime water, received on board 63 bags of potatoes the day end good weather

Tuesday 9th Good weather all hands on board, employed clearing up, and stowing away things and getting ready for sea, received on board some onions, and good weather.

Wednesday 10th S. West winds, and good weather at 5 P.M. called all hands and took our anchor for sea, the Minerva sailed this morning, leaving no whale ships in Mangunia, there is one merchant barge lying here for timber, we have taken some water, here, potatoes and onions, some fresh meat, peaches, &c. three of our crew undertook to run away but they were pursued by the natives and brought back again, we have had one day Liberty each watch, we are now bound North for some oil, May we meet with good success, this day end pleasant weather.

Thursday 11th Adieu Mangunia Good weather S. West winds steering towards the S. East, saw the Minerva, and another sail employed making nets for our onions the day end pleasant weather
Latitude in 34.24. South
Longitude in 175.45. East

June 17th 1825 the Corner Stone was laid for Bunker Hill Monument, and on the 25th of July 1842 the last Stone was raised, and the American flag waved from its Summit - N.B. the Women made a raise of 30,000 Dollars to complete this
