

Friday 23, The wind has got in to the E. with a fine breeze. The weather fine. making good headway
Lat 16.60 - Long 28.00

Saturday 24, The wind light from the Eastward almost a calm the weather warm. The passengers about on Deck barefooted and in their shirt sleeves. Some of the passengers amused themselves by sailing about by the consent of the Captain other rowing about the ship. The names of the ship, officers and sails are the Foremast, Mainmast, and Mizzenmast Fore sails, Main sails, Top sails, Top Gunter sails, Razels, Stanchion sails, Hatches, Screen, Bibo, Lat 15.42 Long 26.43

Sunday 25 The wind E. and light, and the day pleasant and warm some of the passengers went over the side into swim. The most of us take Sea Breeze every night or morning on Deck. which is very delicious. We intended to make one of Cape Verde Island to see how our Chronometer was. But we made a general round the same way who had made Saint Catherine. and we found that the two Chronometers agreed, so we stood of more to the westward we are within fifty or a hundred miles of the Islands. -

Monday 26. Lat 14.24 - Long 25.00
While at the E. East the day pleasant with beautiful Moon light Evening, Saw a Brig on the water Bore this morning we came up with her about one o'clock. And the Captain spoke her. She proved to be an English Brig bound for the Coast of China 24 days out. She same number of crew. She seemed surprised to see so many passengers on board of our vessel. But the Capt. told them we was bound for California. The Captain wished us a pleasant voyage, and we sailed away from her

Tuesday 27 Lat 12.46 Long 24.48
Wind remain the same and the weather hot taking the breath right of us. Plenty of Flying fish and other Currys Pish about. The weather so warm and pleasant that we are stuck on Deck

I have noticed the mule in the night, and it shakes like fire
Lat 10.54 Long 24.30

Wednesday 28, Wind from the same quarter. The ship getting along nicely. We have not had what you would call a rainy day since we left -

Lat 9.03 - No Long
Thursday 29.1 Wind the same - weather good we have seen three vessels in different directions
Lat 7.09 Long 23.00

Friday - 2. Wind the same - weather good. But quite a swell on. supposed to have been a long blow at the E. East
Lat 5.59 - Long 21.57

Saturday - 3. The wind light from the same quarter. We are getting into a latitude where we expect a calm. Remains 92 in the shade and the ship slowly moving
Lat 5.15 - No Long

Sunday - 4. Wind very light it may be called a calm
Lat 5.05 - No Long

Monday 5, The wind broad up a little. This is the day for old Jack Taylor to be inaugurated President. I should like to be there at Washington on the occasion. We spoke the Bark Constant of London. Capt. Garrison bound home from the East Indies. We sent a boat a board with fifty eight letters for the States, we paid 25 cents each to take them to London and send them forwarded to the United States. This is my first week at looking for my mess
Lat 4.36 Long 21.30

Tuesday 6, Wind light just moving. not making much headway a shark was caught to day off the quarter Deck. He measured 5 feet he had 2 teeth or Pilot fish sticking to him. We have also seen a Fish called the Mackerel quite plenty about the ship -

Lat 4.00 Long 21.28
Wednesday 7. Have sent four days may be called a calm not making any thing to speak of
made nothing
