N 580 light breeze from the southward
N 581 light breeze from the southward
N 582 light breeze from the southward
N 583 light breeze from the southward
N 584 light breeze from the southward
N 585 light breeze from the southward
N 586 light breeze from the southward
N 587 light breeze from the southward
N 588 light breeze from the southward
N 589 light breeze from the southward
N 590 light breeze from the southward
N 591 light breeze from the southward
N 592 light breeze from the southward
N 593 light breeze from the southward
N 594 light breeze from the southward
N 595 light breeze from the southward
N 596 light breeze from the southward
N 597 light breeze from the southward
N 598 light breeze from the southward
N 599 light breeze from the southward
N 600 light breeze from the southward

Friday 7th Ninth Part light breeze from the southward
N 601 light breeze from the southward
N 602 light breeze from the southward
N 603 light breeze from the southward
N 604 light breeze from the southward
N 605 light breeze from the southward
N 606 light breeze from the southward
N 607 light breeze from the southward
N 608 light breeze from the southward
N 609 light breeze from the southward
N 610 light breeze from the southward
N 611 light breeze from the southward
N 612 light breeze from the southward
N 613 light breeze from the southward
N 614 light breeze from the southward
N 615 light breeze from the southward
N 616 light breeze from the southward
N 617 light breeze from the southward
N 618 light breeze from the southward
N 619 light breeze from the southward
N 620 light breeze from the southward

Saturday 8th Tenth Part light breeze from the southward
N 621 light breeze from the southward
N 622 light breeze from the southward
N 623 light breeze from the southward
N 624 light breeze from the southward
N 625 light breeze from the southward
N 626 light breeze from the southward
N 627 light breeze from the southward
N 628 light breeze from the southward
N 629 light breeze from the southward
N 630 light breeze from the southward
N 631 light breeze from the southward
N 632 light breeze from the southward
N 633 light breeze from the southward
N 634 light breeze from the southward
N 635 light breeze from the southward
N 636 light breeze from the southward
N 637 light breeze from the southward
N 638 light breeze from the southward
N 639 light breeze from the southward
N 640 light breeze from the southward

Sunday 9th Eleventh Part light breeze from the southward
N 641 light breeze from the southward
N 642 light breeze from the southward
N 643 light breeze from the southward
N 644 light breeze from the southward
N 645 light breeze from the southward
N 646 light breeze from the southward
N 647 light breeze from the southward
N 648 light breeze from the southward
N 649 light breeze from the southward
N 650 light breeze from the southward
N 651 light breeze from the southward
N 652 light breeze from the southward
N 653 light breeze from the southward
N 654 light breeze from the southward
N 655 light breeze from the southward
N 656 light breeze from the southward
N 657 light breeze from the southward
N 658 light breeze from the southward
N 659 light breeze from the southward
N 660 light breeze from the southward

Monday 10th Twelfth Part light breeze from the southward
N 661 light breeze from the southward
N 662 light breeze from the southward
N 663 light breeze from the southward
N 664 light breeze from the southward
N 665 light breeze from the southward
N 666 light breeze from the southward
N 667 light breeze from the southward
N 668 light breeze from the southward
N 669 light breeze from the southward
N 670 light breeze from the southward
N 671 light breeze from the southward
N 672 light breeze from the southward
N 673 light breeze from the southward
N 674 light breeze from the southward
N 675 light breeze from the southward
N 676 light breeze from the southward
N 677 light breeze from the southward
N 678 light breeze from the southward
N 679 light breeze from the southward
N 680 light breeze from the southward

Tuesday 11th Thirteenth Part light breeze from the southward
N 681 light breeze from the southward
N 682 light breeze from the southward
N 683 light breeze from the southward
N 684 light breeze from the southward
N 685 light breeze from the southward
N 686 light breeze from the southward
N 687 light breeze from the southward
N 688 light breeze from the southward
N 689 light breeze from the southward
N 690 light breeze from the southward
N 691 light breeze from the southward
N 692 light breeze from the southward
N 693 light breeze from the southward
N 694 light breeze from the southward
N 695 light breeze from the southward
N 696 light breeze from the southward
N 697 light breeze from the southward
N 698 light breeze from the southward
N 699 light breeze from the southward
N 700 light breeze from the southward
