

Ship Hunter's Broom towards
the 21

This day land with light wind
and fair weather starting I by 6
saw 6 ships on the sea beam
steering I by 6
P M raised a school of sperm
whales toward even and the
matt got past and landed him
at 2 P M and got him long
side at 3 o'clock we took in the
sails fore and aft and stood
boats crew watch

So ends this 24 hours
the 22

This day land with heavy winds
coming to with a whale a long
side all hands implor'd in
getting up the cutting gear
and teles very soon cutting
him in I M it blowing at
gale of wind we could not
cut him in

So ends this 24 hours

This day land with light
wind and fair weather carrying
all possible sail starting 6
I M saw one sail on
the sea beam steering
6 long I M all hands implor'd
in ships duty P M saw one
sail on the sea beam
steering I by 6

So ends this 24 hours

Cape Horn Ewan Skirman
the 22

This day land with strong
winds coming to with light sails
with a sperm whale long side
the wind I by 6 brig past
us while coming to steering
I by 6 So ends this 24 hours
the 24

This day land heavy wind
and sea the same whale
long side smeling very bad
waiting for calm weather to
him in standing watch and
watch so ends this 24 hours
the 25

This day land with light wind
and fair weather commenced
cutting in the 1 whale cut in
part of him and let rest
go P M started the try
works standing watch and
watch saw one ship steering
I by 6 So ends this 24 hours
the 26

This day land with brisk
wind and fine weather steering
pull and log finished boiling
