

Monday
Employed boiling & towing
2 boats for a school of whale
No success in fastening saw
3 of 4 ships spoke the Elizer
Sailed 19 m out 2:50 and
with good weather

At 11 P.M. finished boiling all
Thursday the watch employed coopersing oil
for it stow down latter part
fresh winds and clear weather
to windward under short sail
and tacking as requisite

Friday
Commences with fresh breezes
and clear weather heading to the
W. E. P.M. employed coopersing oil
and making preparation to stow
down oil. At 11 broke out the
after hole and began to stow oil

Saturday
These 24 hours fresh winds and
clear P.M. finished stowing oil
154 lbs. saw 2 ships standing
Haul

Sunday
Strong trades and passing clouds
spoke ship William Lee of New
Port 8 months out 2:00.
Latter part very rough sea on
at 6 P.M.

Whaling in the Pacific

Monday
Commences with strong gales and
rough sea under single reef and the
Jib and main course hauled, the
M.L. in sight astern standing to the
W. E. Latter part more moderate
winds sail and cleared off north
So ends this day. Lat by 6:00

Tuesday
Begins with good whale weather - were
at the 100 saw squid in great
plenty. Middle and latter part
strong gales so end

Wednesday
These 24 hours heavy gales the
ship under close reefed topsails
and fore course at 7 A.M. raised
whales close on board of us.
Towed for them killed 1 at 9
took him to the ship, the waste
boat upset in the flurry at Moriel
employed cutting on whale

Thursday
These 24 hours commences and ends
fortunately for us heavy gales through-
out. P.M. killed a whale at
sun set took him to the ship. All
cut him in and stowed south
so ends this day at Morielian employed
boiling head
