Artists 18. All things to be done to the Honour & Glory of God and if done God will bless you

in fleshy tablets of the heart not in wooden crucifixes Modern
 crosses will do to boot teacheth with ~~them~~ and those that
 perform their work worship with them will do to attend
 the sign the Cross in its true sense is a sacred and holy
 emblem of our Lords death it consists in mortifying
 the flesh and crucifying it with the lusts thereof and
 bringing it in subjection to the Spirit of grace to dwell
 it likewise consists in publicly confessing that Christ
 is the son of God the saviour of the world and that
 faith in him joined to good works hath power to
 save the spirit uniting with our that we are the sons
 of God whereby in baptism the inner man over the
 fleshly love helps consists not in any work of our but in
 a new formation of the heart whereby our labours are
 arranged in order before us in Christ Jesus the hope
 of glory within it is the love of Christ that constraineth
 us not any love we have for the Father for by
 nature we are unregenerate until we receive the spirit
 of his son which carries us to his family and the
 spirit regenerating the soul and conforming it to his
 and those that are stubborn and unyielding in their love
 will find a just Judge at the Bar from whence no
 traitor returns to this world they will be share of their
 reward and the more light there is and the less notice
 there is taken of it the greater will be that reward and
 so unto the pastors that scatter may show their souls will
 Judge them in a cold neglect when standing at the
 Bar of God and the Bible of lies is produced
 made by men and the word of unregenerate men
 and therefore the word not the word of Christ neither
 the word of his spirit
