the S S E Buffalo bearing
S S E 25 miles saw a
Whaler to windward

Thursday 7th
With light-airs from the
S & W raised Right-Whales
and lowered Lab-Boat struck
the Whale run and rounded
heavy at last-Row Boat
got fast and then he rounded
again Waist-Boat Bow-
ore and the Whale took all
three Boats Lines and for end
and must-have died and sunk
came aboard and coiled new
lines in the mean time wind canted
into the S & W about 4 PM lowered
again and Waist-Boat struck
and he sunk but was so small
he couldnot get away Lat-44.15
