

8 years have rolled over my head since I became
a married man 18 years and have spent
most of the time far from home and friends
and all that makes life agreeable although
this night many sweet smiles separating me from
wife & child still my heart yearns with a
holy & profound love for both what is there
in gold that should tempt me from them

I this Day thank Benj. Lonsdale for
disobeying order whilst I had the ship
under my charge & blow with my fist
and Josiah Richmond said I had no
business to strike him and said he
would take it up but concluded to give
it for fear of difficulty John Winslow
