Took in the full sail hauled up. Came

and lifted for her had a Duff with Rascals
and a few more. Which all the Rascals
aboard squared in and kept on an course
with heavy small sail and some more
stern washed of some to work on the rigging
steering. Nothing but full sail on her

Tuesday Dec 25 1848 Lat 15 40
Rain on the same. Think she has made more
sail strong. Breeze cleared up. Cakes in the
left washed of. Pumped ship. Then put
some. Nothing in the sails she has gained a
little. Think she has her full sail out

Wednesday Dec 26 1848 Lat 18 46 Long 187 46
The ship jibbing. It a little of one thing and a
notion cleared up. Sails steering. The point of
action here washed of. That ship in our beam
stood under easy. But she has full sail

Thursday Dec 27 1848 Long 188 86
Steering. The ship at made sail. Just at night
full and were pumped. Ship washed of that
ship and our meeting. Quarter as far as can be seen
raised another ship ahead and land on our bow
huffed up a little. Broke out for water
