

of Water Capt ashore brought about four thousand
sand of beans and corn. They on board picked
up the net out of the hole and sent it for
the net.

Monday Feb 7. Detacha Moneth
Cah Taming the ship for more ships came
in and anchored. They think this is a finer place
than Enurani. The Capt keeps one of the
Portuguese for interpreter. They have got
two pairs of such capt. men repairing.

Tuesday Feb 8.
Boats crew went ashore to kill a Bull. After
the washing of they brought him down
to the beach for us to kill but he got away
from us and we had a chase of several hours.
Caught him several times with a Lasso but
he would not and knock us down and
make his escape but after a while they got
him down and killed him and we took
him over on shore to the Boats crew.
Some repeat again aboard this day the
other ship has one third of a period nothing
done on board this day standing at anchor.

Wednesday Feb 9.
Hired of a Boat went after the Capt
sent of again sent of five good sized Hogs
and Bulls ashore for us to carry out.

The Boat of and on this day the Capt had a fine
Ebony Log given to him by the Governor. He brought
some corn and on board and some of the
starcher. Weher stood as a gift.

Thursday Feb 10. 1899. High tide. Ancho
Hove short Capt sent ashore to bid the Governor
farewell. fired a gun. Hoisted top sail and stood
for Orange Island. Four ships in company.
Capt went ashore to by some Corn but could
not get it. This day came of day of and on
during the night then standing stowed our
starchers and ran down the Cable dropped to the
Boat and Harb. Boat to go ashore to trade for
Corn if they can get it doing nothing but to look.

Friday Feb 11. 1899. Leaving of and on Orange Island.
The Boats came of with about three bushels of Corn
and 8 bushels of spars stowed out with the water
tack aboard. During Oct 8. it was in here that
we heard the place that we wanted. It had been
sunk by a Earthquake damaging the place consid-
erably. said there was three Seas came in
and they were so large that the ships could
not be seen from shore. This happened the
day after our departure. Turned ship found
that she had not leaked any of any consequence
over washed of when left was a ball on our Boat.
