

shell close to the ship bailing off about the
 third increased blowing had a Gale of wind
 from North West. The Wheel started & we
 made. Macomber of Abner thought the
 day heading East & every cold you have to
 put a covering to keep warm

Wednesday Bare 15th

Covering up set the main & hence they
 as for some do not see a spot over the side
 of our. The Officers keep close around the stern
 while we fire Jack may still on deck and
 then a much better but no more for to die
 his stockings shed over the side of that
 our Ship heading the W. standing North West
 in the day time But to Crew at Night

Thursday March 16th Lat 40.08

The wind has got out to the Mother making it cold the wind here about the same that it did yesterday. Look out for Bread in the store
page more. Ship Heading City it made sail. 11/15

Friday Bar 17th Lat 33.32 Long 132.24

See White to the windward & ²hunting could not catch
what they were rather cool took in seals standing
Bats were called all hands at day light. Chasing
hard stood Quarter Nether Broke out for
water see White a very small one but the
boat so much wind and too much of a sea on

Saturday Bare 18th

See nothing. At noon we saw one but colder
the wind came at 10, fell to 10, then at 11:30
cold heading at 10 called all hands at day
light made sail heading at 10 the wind
changed to the south head every light wind steering
at 10 with comfortable on deck now did not see
anything.

Sunday Dec 19th

at night - heere hardly enough to keep the
sails well filled - but as the gale took in sail
top Gall had chain course & Hood Boats crew
aving all night - the Capt. went to get in shore
to see if there is any Whales in there if the
wind would hold then it is it would be
earn enough cether all hands made top Gall
which was of a fine day this nothing of
any consequence doing this day

Monday March 20th

Steering at 160° took in sail standing by to
Cross the whal lashed made sail at day light
Broke out for Reef say something that they
called Land ahead shifted the course to S^W it
is coming up Foggy

Thursday Dec 21st

Thick Fog and wind nothing doing standing off
Takes this slight a light breeze squared in
