

June Ship Thelusoff

Middle part
Light breezes &c
Gaming with the ships Adeline
and Hicksanda of New Bedford
No Ends

Thursday June 3

Lat 62 17 Long
First part
Light breezes from the W & W
The ship got as far north as she
can go nothing but one body of
ice to the North & East. some 15
ships waiting for the ice to melt
of drift away. Gaming with the ships
Hicksanda & Adeline of New Bedford
and the Dover of New London and the
Coriolinus of Mystic awhile after
see the ~~Dover~~ take a Scapdown
fine weather and nothing to do
The Mate and Third Mate unable
to stand there watch tonight

Middle part
Calm
Latter part
Much the same Fine weather
No Ends

Friday June 4

Lat 62 17 Long
First part
Very light winds the ship close
in with the land the Capt going
a ducking ashore and then on board
the Francis Henrichs Capt Swain
we got 5 ducks altogether yesterday
Latter part Mr. Leg. H. Cannon the
second Mate of the ship Adeline came

Capt A. Pierce

on board while I like his fun well
I pity him poor fellow without any
joking he was disappointed in his first
love

Middle part
Thick fog ice on one side and land the
other nearly calm 12 fathom of water
At 9 got into the ice in a thick fog

Latter part
Thick fog ice all around don't know
which way to get out no wind to
get out if we did know the way
No Ends

Saturday June 5

Lat 62 17 Long
First part
Light breezes from the W & W
At 12 the fog cleared up some and we
could see our way but ice very thick
Watch out in pushing of it away from
her bows of the ship

Middle part
At 17 got clear of the ice
we had a hard time of it 15 men or
more were in the ice hauling the
ship through. Emp in working the
ship to windward making short tacks

Latter part
Gaming with the Francis Henrichs
Thick fog
No Ends

Sunday June 6

Lat 62 17 Long
First part
Light breezes and a thick fog from
the W & W the ship laying
about gaming with the Francis
Henrichs
