

all the time on deck - occasionally coming in the
Cabin to see what is going on - Have swept up the
Carpet - and put away the things that is lay
around - Mrs Morey and Newman do not sit
up - at all - - Charley is somewhat sick and
tries to play - last night when we were undressing
him - "He" said he wanted to see Grandpa - Grandmother
Susan - & Uncle Moses - He wanted to go home - but
I am doubtful if it is not May - a long day ere he sees
what he calls his home again -

I have been thinking - about
Stewart - I presume the boys have mentioned me
many times - - at any rate I think they do - and as
I have no means of knowing Take it for granted - I
wish I could have again visited Coventry before I
left - for good - - But I hope to again at some time
So ends this day. -
