

great trial. The sail was now set on our ship - and although some
 on half as much as the *Bargu* - we soon began to draw ahead of
 her - - It was the *Bargu* Thomas Fletcher of N.Y. (which we
 think is bound for Valparaiso) - as we did not perceive her as to
 was blowing to strong. ~~to strong~~. We soon passed away from her
 the *Bargu* and by night she was some 14 miles away - - We also
 passed 2 vessels for to Leeward - one of which was a Swedish ship -
 and may have been the one we saw -
