

Saturday July 14th Thought this day boiling
winds from the N Ship on
different tack Saw several vessels
steaming to the E Lat 38-57
Lon 70-35

Sunday July 15th First part a strong
breeze from the N Ship on the
starboard tack heading N.N.W.
Set light sails Middle part
moderate at twelve tacked
ship heading NE After part
wind hauled to the W a light
breeze cleared N.W. Lat 39-25
Lon 71-15

Monday July 16th Comes in with a
moderate breeze from the SW
Ship heading N all sail set
breeze freshening at twelve
mid night sighted morning
and black Island lights
cleared NE & E passed throu
gh a fleet of fisherman
at nine A.M. got a Pilot
bent cables & do ends
this day the last of an unlucky
voyage
