

Monday
the 4 Day
1827

The Middle part strong winds and
Lay about 4 m we took a heavy squall
the west main and lightened and thunder
Wee Chide Down all these topsails and
Down the jib and hauld up the main
And after the squall was over we took
Reys in the fore and main topsails and
In the mizen topsail the latter part
Winds one watch below so ends this 24 h
Latitude by observation 32.42 South

Wednesday
the 6 Day
1827

This 24 hours begins with strong winds from
The South East by South one watch below
the rest employed in Ship Duty
Wee hauled the watch and started a fast of mizen
into barrels and about 1/2 past 6 we took
And stood to the South East the middle
part light wind about 7 m we started the
After hole after water and about 11 m past
Side Down again strong winds from the
West so ends this 24 hours Latitude by
observation 29.2 South

Friday
the 8 Day
1827

This 24 hours begins with strong winds from
East all hands employed in Ship Duty
