

Saturday This day commenced with steaming
the 20 miles from there N.W. steering
S.E. by E. with all sail set &
reached the gr. R. one day insight
of Polopart, the wind died to the S.W.
and calmed a gail below part the
social scenes, thus it has
in the L.H. 41-39

Monday this day began request with agail
the 10 fore into ship steering by the wind
90 to the S. by E. and at 12 noon
and fore set sail on parallel Merid
part, the same at the night main all
sail steering by the wind to the W. and
in at 12 the 12-49

21 Board the ship *Nicholas* of New Bedford
 December the 24th 72 day past
 This day commences our steaming voyage from
 the S^t M^t Spring by the wind under easy
 sea the sail ship is to go round side of the rock
 making port to sail between point & pier
 men sail steering by the lead to the
 sho 50 fms the 1st horses in the
 - L^t 42

Friday the 2^d of
Oct. This day commences with a light
windy morning, at 10 starting for the
mine to the Sapp with all sail set
We do not find the same batter as
yesterday, strong wind the ship runs a
few miles, the sail serves there
24 hours in Lat 45-49 Long 53-54

By day
Saw a few birds flying over the water.
The 28th 86
The morning of the 28th was a fine day.
The water was calm and the
sailing was all sail out at 11 AM.
