

Remarks on Board the Duane Comm
Monday P. 24

Ms. A. 9. 24

This is C. muscaria

With a slight fall the wind dropping in trailing
while the first fog came down settling
she soon after felt the same sands this day
Wednesday the 28

She wrote later felt the same same this day
Wednesday the 28

Winter of the 28

Phil. Soc. Comm. Sec.

With a light wind from the S. being by
The wind it has a slack before the water
The tide was so strong that the ship drifted
in for the land. After that it was taken to two
Boats. One along side same was the first
While the other was the second. I went below
As the Bark has many little things kept
10 days before having very little to eat
on side these 24 hours.

The tide was so strong that the ship drifted
in for the tide "tiller" that it was able to
Boats "came along" side some was the first
While the other "was the second" went below
As the Birden has many with they had left
10 days before having very little to eat
on side these 24 hours

Monday the 27

The day commenced with

Ninth - When the heavy fog is so bad that
Tobacco and Tobacco for a Ship Hotel they thought
to go there loaded with tobacco and get much
more. It was on the 10th. I think it to
be our ship sailed the Steamer "Sail" and
Tobacco a shore. It passed to have a fire with
some one that kept saying that it was

March the 30

Thit day commences

With no deep clouds, not nothing of
the best during a week the messengers
grapple in sweeping down the path
which fog sounds these whistles.

Monday, Dec. 81

This day commenced

With a light wind

Exhibit of Lyman's breeding pair of Whales
Monday the 18

Monday the 18

26. This day 1781. 1781. 1781.

Both light & are thick fog & boats & men
Young side of us waiting for their ship

making a stage

35th The Sandwich Islands
 October the 24
 This day commenced
 With a light Wind from S.W. the Watch
 employed in ship duty broke out for duty
 Under vast the same so ends these 24
 days

His works on Board the
Uran. picket of 1799

This by harmonies with

as above the F.C. Station

By the non Middle pair
