The "Happy Group" at the Fireside.
How happy we may all be when seated by our own fireside.
The "Happy Group" at the fireside, consists of many members of
the "Happy Group" at the fireside, I think of the
father, mother, the loving brothers & sisters, each & dear friends
Each one strive to promote the others happiness.

Ally

I think of the winter far away
and for thy happiness will pray
I think of thee at morning dawn
thou shalt be with me in my dream

at noon high noon I think of thee
thou shalt not ever part from me
and when the shades of evening fall
thou shalt be with me in my hall
in my mind in my heart and when
the night birds fly I shall
my spirit meet with thee at last
in my dream

Caroline Starr

Let them know how fine we are
and how much we love them

Ally Starr

May you be a flower
May you be a bud
May you be a rose
in the garden of God

Ally Starr

at home in heaven what a joyful thought
as the poor man tills in his weary lot
his heart oppressed and with anguish
in his heart
