Aug 8th Have been mending and doing all
 jobs. Mrs J. O. Carter called today
 also Capt. G. H. and Mrs. Black.

Sept 8th Have been stitching on the machine.
 The Panel project here this eve. I
 had an invitation to a dance at
 Mrs McFarlane's but did not accept,
 also had an invitation to go to
 meeting in St. Charles, but did
 not go.

July 1st Have been using the machine again.
 Today, the excitement about the S. I.
 1851 is subsiding. The money is getting
 week and I hope to get some by
 1848 here. The Clara Louise brought word
 that there had been report from
 the Arctic but could remember none
 but the Progress. That had got the
 12th of Aug.

Jan 11th Spent the morning at home but this
 afternoon went down street with
 1843. Mrs. Herbert. This eve. have been to
 Mrs McFarlane to a theatrical
 entertainment, the two youngest sons
 1855 two of the Williams sons and one
 of the McFarlane's and Allice (Carter)
 were present of our family.

And also acted the entertainment was very
 pleasant. I took Susan with me.

Jan 18th This morn a schooner arrived from the
 Arctic. My heart was gladdened by the
 receipt of the letters from my beloved
 husband. Latest date by 18th of the
 season has not been very favorable this
 far, all well getting along (pleasant)
 but to Father this morn to St. Charles.
