Jan 14th. March

1786

Have had a very rough squally day have had only close reefed topsails out, we are now on good cruising ground. In the night we had a fall night in and all day out so as to stand Mast beats. The gun and Jack Knife heat the water. I have been working on my shaffers but the weather has been so cold have not got along very fast, about four o'clock raised a sail coming from the South West, 10 before dark she was near enough to see the

1780

it was a brig. Sunday 15th Have had a pleasant day but is cloudy w/ tonight looks like Sat 31. 37 to storm. have seen one or two jammers. Day 46. 35 have been on difficult tracks, are now shortening sail for the night.

Mon 16th Have had a very rough day, this morn Sat 31. 30 saw a sail from West West. This after Day 45. 31 more exchanged signals with a ship called the Maria Jose Portalejo, where

1784 finished my dress and cut out a suit of clothes for Fathie.
