

Friday 27th Have finished Luthie's coat and the pants with exception of buttonholes
 Sat 28. 33 tonight made some bedclothes for two.
 Sat 28. 34 Have finished Luthie's suit, and some considerable mending. have had a pleasant day. have seen three sails all the while.
 Sun 29th Have had a stormy day, with quite a heavy swell, saw the dolphin but could not catch them. A merchant bark passed near our anchorage S.W.
 Mon 30th Have had frequent showers. I have inspected George's trunk to see if his clothes were in good order. found some of them quite mouldy. have packed them again. but shall put them out to air the first good day. I have put new trimming on a chemise for myself. fixed a seat and coat for George. made two pair of trousers for Luthie and cut out a suit of clothes. Brown linen jacket & shirt jacket for him.
 Tues 31st Have had a pleasant day without wind the first yet but tonight we have a nice breeze. are on the wind heading N.E. & a vessel was in sight from Matthews tonight going to the East. I have made Luthie's suit of clothes finished them at last five o'clock. feel quite tired. The boat has been taken one deck and away today. found it in quite good order.
 Wed 1st Have had a very rough day it has rained most all day and have had 2 1/2 10 I have cut two Suller's mending sacks and much more. Ammored with blue canvas.

April
 Thurs 2nd The weather has been better today, but still cloudy. I have made the other two coats mended them with green canvas. The weather looks a little squally tonight.
 Friday 3rd Have had a very rough uncomfortable day it has rained in Vincent's boat off the day and a very heavy sea. There was a large ship, merchantman ahead of us this morn. we have passed him and he is now a long distance off the lee quarter. I have worked on my sofa pillow. but have not done much. It has been too much to work today.
 Sat 4th We have been favored with quite a pleasant day. there has been considerable swell and but have had no rain since eight o'clock this morn. I spent the forenoon making jacks, and the afternoon with my needle work.
 Sun 5th The morn was clear but a heavy swell told us about considerable.
 Sat 24. 45 It is quite smooth tonight but cloudy. looks like rain. Have spent the day reading.
 Mon 6th The morning was calm. not much breeze for a long way. Saw a water spout about 1000 yds. distant from us. This afternoon has looked very squally on each side of us but rain here some near. tonight have a fine breeze I have passed the day with my needle work.
 Tues 7th Have had a very squally day. it has rained as hard as I ever saw it in my life. The weather is better tonight. Have seen four sails during the day.
