

Ship Tite of San Bedford in the Indian  
1856.

Saturday January 3<sup>rd</sup>  
First part brisk breeze from S.W. and thick flying  
clouds. stood to the S.S.E. under short sail. in p.m.  
-ed in boiling and mending our storm boat.  
the ground here looks very lively as for birds  
but saw no whales.

Middle part much the same stood  
to the S.S.E. under short sail all night in p.m.  
-ed in boiling.

Later part moderate breezes from  
West to N.W. and thin flying clouds stood to the  
South till 8 A.M. then wore ship to the North  
and made all sail at 10 A.M. saw eight whales  
put off with three boats. struck and killed one  
at 11. finished boiling. so was boat fast to the  
Whale.

N. obs. 41° 21' South. Long by Co. 81° 55' 30" East

Sunday January 4<sup>th</sup>  
First part moderate breezes from the N.W. and  
thick hazy weather. at 2 P.M. took one whale  
to the ship. at 3 A.M. began to cut at 6 A.M. finished  
cutting. and began to boil.

Middle part moderate breezes from N.W.  
and thick foggy hazy weather stood to the South  
under moderate sail boiling till midnight then  
wore ship to the North.

Later part moderate breezes from N.W.  
and thick hazy weather at 5 A.M. made sail  
to the North. at 8 A.M. strong wind from E.N.E. and  
thick rainy weather took in sail. wore ship to the  
South and began to stow down our oil so  
was strong gales from East and a hard rain  
but a smooth sea.

No observation.
