

July 1847

Frid the 9th a light breeze employed
in boiling saw whales
lowered and the S
Boat struck and crew
at 6 P. M. cooled down
at 7 lowered again
but without success
came on board and
took in sail had luck.

S.B.

Sat the 10th a light breeze employed
in stowing down saw
whales lowered for them
the S Boat struck and
the whale took her line
and went off with it
last part lowered again
but without success.

S.B.

Sunday the 11th a light breeze.
the first part saw
whales lowered and
got one to the S Boat
took him to the ship
middle and last strong
breeze cut in the
whale and began to
boil saw more whales
but did not lower

S.B.

July 1847

Mon the 12th a good breeze employed
in boiling saw whales
at 8 A.M. lowered for them
the S Boat struck and
crew at 2 P. M. lowered again
and the W Boat struck but
crew at 6 P. M. lowered again
but without success 3 sail
in sight so it goes bad luck

S.B.

Tues the 13th a good breeze employed
in boiling saw whales
and lowered for them the
S Boat struck and the
first iron came out and
the second part the
short warp and the fish
went off bad luck to him.

S.B.

Wed the 14th a strong breeze employ
in boiling saw whales
lowered for them and got one to the
S Boat and took him to
the ship about 8 P. M.
3 sail in sight 4 of them
boiling at 9 P. M. cooled
down rose the cutting
falls very for action.

S.B.

Thurs the 15th a strong breeze and
foggy cut in the whale
and commenced stowing
down in the afternoon
3 sail in sight but no
whales there 24 hours.
