Saturday Oct 23rd 1869

Came in with light baffling airs and
calms - air from N.E. - and fine
weather - at 7 a.m. saw Bk
Addison's boat down, whaleing -

Soon after saw the whales com-
ing to windward quite quick - low-
ered all three boats - but before
they could get to the whales, the
Addison's boat had gallied them
Both ship boats chasing all day
and got nothing. Whales going

N.W. after gallied. N.E. before
Capt. Cornell of Bk Addison
had a very bad attack of cramp
in the stomach, brought on, no
doubt by over exertion
