Have set to day about twenty sail of vessels
merchantsmen

Tues Aug th 8 com with pleasant mether
& calm. at Daylight. Raised a school of small
spinn whales on the mether quarter about one
half mile from the ship a somers right for
the ship quick & the ship failed them
led me toward for them & chased them a bout
4 hours. The R. Boat struck a calf I think that
it will make a bout 15 gallons if it is fat
we hoisted it on deck whole with the fish spickle
ward luck Mr Perry still off duty Joseph Salhu
came on duty to day

Wed Aug th 9 com with pleasant mether
& calm at 2 P.M. a light air from the W
to day sent down the fore & sprail put
skin leach ropes on it sent it up again
& bent it. Mr Perry still off duty at sun
set put her under short sail

Thurs Aug th 10 com with foggy mether with
a nice whole sail breeze from the S.W. & R.X under
all sail course S.W. to day we hoisted our
whale it made 10 gallons at 6.30 P.M. wind
healed to the S.W. at sun set put her under
short sail Mr Perry still off duty
