

Monday July 2nd. Begins with Chasing Whales, at 5 P.M. struck a Whale at 7 took him to the Ship at 20 mi. past Commences cutting, at 10⁴⁰ finished latter part employed in boiling Chasing Whales &c. at 11 Am. a boat with 5 Natives came along side with about 1 Bbl. of fresh Salmon and 2 or 30 lbs. of Whalebone I purchased their whole cargo for a mere trifle and the went on shore again -

Tuesday July 3rd. Light variable winds and Calms employed in boiling and Chasing Whales.

Wednesday July 4th. First part light winds and Calms spoke Ship Ohio 9 Whales this season, at 6 P.M. finished boiling at 6 Am. a heavy swell came in from S. E. to S. W. immediately followed by strong Wind from E. S. E. Steered to the S. by the new number all possible sail to fetch clear of fog Island coming on thick and rainy at the same time it took in the Main S. G. Sail at 10 Double reefed the Topsails blowing a heavy Gale, the Ship pitching bow and under every patch so and Carrying all possible sail in Co. with Ship Florida

Thurs. July 5th Commences with heavy Gales from E. S. E. and Rainy, at 1 P.M. took in jib and Main Sail and Close reefed Fore & Main Topsails carry all the sail we could safely, to keep off the land, at 8 Am. began to moderate, latter part quite moderate and thick fog most of the time 2 Sail in sight when the fog lighted -

Friday July 6th. Moderate winds from E. S. E. to S. E. W. and a heavy swell on the Sea yet continues long Steering on Diff. tasks under easy sail but mostly to the S. E. thick fog most of the time and likewise Cloudy -

Saturday July 7th. Light variable Winds and thick fog most of the time employed in Storing Tallow oil, latter part hauled S. in sight bearing E. by N. also the land on the West side of Danish Bay in sight over the fog.

Sunday July 8th. Light air from the Westward and Calms latter part small rain at 11 am the S. part of Bowhead Island E. S. E. 6 mi. S. S.

Monday July 9th. first part light variable Winds and Calms with steady rain latter part thick fog, sounded twice over reefed. thick sandy bottom.

Tuesd. July 10th. First and middle part light variable winds and thick fog, latter part light winds from the S. and thick fog leading to the North-westward trying to get over to the Frenchmans bluff so called when it lighted up at times saw the land to the S. and 2 Ships -

Wednesday July 11th. Commences with moderate Winds from the S. at 7 P.M. became misty fog Island, and remained through the remainder of the Day latter part unheated the St. Gore Topsail in but a good one it soon took a breeze from the Southward and Steered to the North. at 2 P.M. off so ends the Day

Thurs. July 12th. at 3 P.M. off the Frenchmans bluff saw plenty of Bowheads and hove the boats, saw 4 Ships to Anchor saw 3 Whales taken from diff. Ships some boiling at the same time 3 Ships under sail, chased Whales until 9 P.M. and then took up the boats and set the watch at 3 Am. called all hands and hove the boats for Whales, Whales plenty saw 2 or 3 taken but ^{we} could not get. I sat the most trying thing indeed to see every body getting Whales ~~in~~ my most miserable Officers don't know enough to get near one

Friday July 13th. Commences with light variable winds and fair chasing Whales, at 7 P.M. a heavy swell came in from the S. the air signal for a Southerly, Winds from S. all the Ships commenced working out the bay, at 2 put the boats on the high coasts at Midnight strong Gales from S. E. to S. W. carrying all possible sail on Diff. tasks thick fog most of the time at 7 Am. took in the M. S. G. Sail and single reefed the Topsails at 8 quite moderate saw 3 Ships at Noon strong winds again so ends
