

upon his countenance he was smile
until within a very short time of his
death.

You will see by the date of
letter that I still remain in New
Williamson, Ella is up spending
week, we are expecting her back
after us tomorrow. Mother was
called away Sabbath day to go to
Springfield to nurse Mary Sol
or Mrs Davis I should say
she has expected the call for
a while, Mary has a sister here
in Springfield who will come
every night and assist them -
Fannie, another sister is going to
be there to do the work - They
promised Mother an easy time
if she would consent to go, to
have been very intimate with Mrs
and she seems like one of our own
folks, & I suppose Ella is with
you if so, I send my best respects
to her and hope she is on the list of the
well ones. I should love to hear
from you Helen and know more
particularly how you are,

Yours ever with sympathy and love
Martha
