

Double will have some time as in notes

by boat. Ship broke up water

1844

March 19 went to duty after 5 days
days quarters. No much for being pleased with it but
tenures

Japan when

February 26 1844
At of these 27 hours had light rain and pleasant
weather but 08:40 at being 198.90 feet
The 19th of this month saw a few white whales off
Daguer Island but very small boats not get near them
have the French ship offshoot several whaling
men seen
