Tuesday March 16th
Light breeze from NW a pleasant
get 12 loads of ice at 5.30 P.M.
The Forecaster got on fire, from
the fire pot of oxen got the 11th
a fire of the hot came out
the bottom of the hot came out
and the black went up got on to the
glack beams and chimneys that was
hanging up to day it drove all hands
out for drink (on the coast) and
get water from the ice hole and
mangled for smelter the first out
a while at 6 P.M. got the first out
hunt up some of the men this day
and are led, so ends the
with group of the
