

And started for home. Came to about
at about 7 o'clock for to take dinner. Well
I tell you I was hungry. We dismounted
and ran. I was not only not
dinner but spent the evening with the
family and the next day the darkness
I arrived home at about 11 o'clock
I was very tired. I was ready to lay down
at the end of the day. So ends the day.

Jan 24th

Went to work but did not feel very
smart after my ride. I did not do much
all day. The Boss did not care
things went on as usual about the same
routine. So ends.

This day comes in with the
sun shining very hot all of the
day and the Negroes at home
last night. Else in the form of a change
I saw some of the country people come
in after some horses I have been making
for their heavy wagons for breaks & -
Breakfast and dinner as usual.

This morning I am sick at bed
with the bowel complaint. I am in
much pain. The Boss comes in to see
me. I cannot eat any thing all
day. I am sitting on the floor in
the shop. I keep my bed all day
all cramped up. Tea is brought
to me and so ends the day.
