

Ther. SAT. MAR. 11, 1893 Wea.

Wind West

forenoon moderate
gale heavy squalls had
one very heavy squall
big hail & stones ship on
the wind heading about
8 P.M. at 4 P.M. Wind
moderate heavy sea
at 5 P.M. sent her along
under the jungle belt
find the ropes very
poor almost im-
possible to handle
to sail on account
of running rigging
poorly have some new
topsail down hauls
& lower main topsail
braces at sun set
heading 8.5 N. 4. S

36 = 51 N,
124 = 35 N

Ther. SUN. MAR. 12, 1893 Wea.

the day has been a
calm all day have a
all day. Cooks Mr. P. have
a gun here that I
think is hammering
can't go into the rigging
but can go up there
rattling a big shot
able to get down I
think he is hammering
at sun set light
air from North.
Ship under steam
