

October 1834

Left Tombas and came to James Pk

On day 5 the strong wind from S.E. had the time we were at daylight James Pk. had S.W. 20 miles and made him and the ship in as much on the ship as he could have it. The ship went out at 11 o'clock and a long body of what he was going to the windward and 8 boats but they were going. Eye out miles as well as close paper at noon took up the boat and stuck her James Pk. when night came sent the new boat on shore and the boatmen in the boat after we came to on shore in the harbor we found the Tai in ships of fair-brown and George D. Clagge being here they got their own boats the morning

Saturday 6th

The strong wind in the morning sent the boat on shore from the ship at 11 o'clock. They went to the ship with 7 turpins. They went in the boat with 100 fish and a quantity of them. The other 2 boats went round the N. end of the Pt. to look for turpins but did not return at night. So each thing the strong wind in the morning sent the boat on shore from the ship at 11 o'clock. They went to the ship with 7 turpins. They went in the boat with 100 fish and a quantity of them. The other 2 boats went round the N. end of the Pt. to look for turpins but did not return at night. So each thing

Sunday 7th

The strong wind in the morning sent the boat on shore from the ship at 11 o'clock. They went to the ship with 7 turpins. They went in the boat with 100 fish and a quantity of them. The other 2 boats went round the N. end of the Pt. to look for turpins but did not return at night. So each thing

Monday 8th

The strong wind in the morning sent the boat on shore from the ship at 11 o'clock. They went to the ship with 7 turpins. They went in the boat with 100 fish and a quantity of them. The other 2 boats went round the N. end of the Pt. to look for turpins but did not return at night. So each thing

Tuesday 9th

The strong wind in the morning sent the boat on shore from the ship at 11 o'clock. They went to the ship with 7 turpins. They went in the boat with 100 fish and a quantity of them. The other 2 boats went round the N. end of the Pt. to look for turpins but did not return at night. So each thing
