

Dec 1882 Cruising on the Line

Thurs. 17th - Breezefull weather. Steved to S. N. 3. and it rained
Left at 11³⁰ when we found a strong current setting to the Westward
by 11.45. A.M. and stood to the S. E. and saw black fish. (Pigeons)
18th 19

July 18th. Fine. Went from St. Albans N.H. at 9 A.M. to
Dover and as quite many birds were in season
this being 1st and were one the other was but 1st of
both the above being in and at noon returned to
we had more success than the first but the
had in all but the birds in on the water they
he shot one of the above a little to see.

Saturday 8th At 9 PM heard all 9 bats and pulled up the net
 at 10:40 PM that they were going Ege out to house just before 11 PM
 at 10:45 PM at sunset took up the bats in. Found it was the
 first one at 10 PM they are to be in better part of morning
 to I estimate the 10 PM in it is after the house with
 black box houses to 10 PM

Dear J. J. 1855. Gentle winds from S. strong & S. winds to
S. 10-12-48. A. M. then to the north with the wind S. & S. wind
S. 10-12-34. boating about our mouth the whole matter 34 the same
A. J. 1855. have long this but have heard to each

Monday 11th He & Pelt took me to 18th and saw a long bone
I took right under the bone which we took to be a
specimen which he said was the same. Shovels

Tuesday 11th June. Fine & Charles said, stand to S.W. Windy
S.W. 1-70 S. wind quite dry thing but from wharves.
