

April 1884 Bound and the of there again

November 24th The Cannoes with the Madeste arrived
at 8-10⁰⁰ from L. B. off St. Vincent, by the wind
for 1000 at 24th off St. Vincent with the land air. Light
to Ende Lost sight of the land. B. C.

Thursday 20th. Binnies with Henry from 8 P.M.
and back several times to get to the
and returned and left to the windward of the
Islands. But at night the Brothers were in
sight of each other. Part having threatened
and very sharp lightning and the rain
came down in torrents and in the
morning from the clouds very much
of the Leeward and a very strong wind
blowing to the N and E. I said that part
being thunder and sharp lightning to the

Sunday 24th That part of our course the islands
 called the great Antiochian Islands
 Squalls with rain latter part of
 25-00 Strong breeze from NW & W. blowing
 by the wind at South to South

April 1834 Pitt to the Northern of the Lion

Monday 28th Commenced with strong winds from
S 4-44 S W S W Steamer by the cable at 8
and the Alaska State in light of the line
Log 800 goes into bottom part last light of the line

31st Tuesday 29th the Cameroons with the Atlantic winds from
SE 3-58 and got pretty much out of the theater
by 100 and lightning and rain to end

Wednesday 30th Commences with moderate winds from
S B N. first and will be past before long
Employed in mending sails. Latter part
stagnant for the wind at S N & South
to E with nothing that will make them

Thursday May first Came in with Capt. Swells
of Wash. and rain with thunder and lightning
at 4:07 Middle and latter part the same we have
put here and the wind blows right at
Laz. 58° - 59° all round the Compass so that is no hope
of getting wings at present to Ench

Windy & m. Commenced with strong wind from NW
 at 3-40 S. sent her 3 Boats more.
 at 5-00 S. sent the wind at 1-30 S. sent
 at 6-00 S. sent at 11-00 S. sent
 and lowered all 3 Boats but they were
 so wild that forced the Boats and by
 the way out of sight to the windward
 and the wind being very light we
 could not pursue them with the ship
 so took the Boats and continued on
 at 7-00 S. sent the wind at 1-30 S. sent
 at 8-00 S. sent the wind at 1-30 S. sent
