Whales latter part the same to 2000

Sunday 9th Commenced with strong winds from
Lat 2-34 S B B Steaming P.M. B. P. and Sea
Log 41-00 and to that the wind and sea it was quite
not fit to discontinue with the ship to land
see them all 3 boats and pulled about 10 miles to windward
but saw no more of them and the boats
returned to the ship at 8 P.M. latter part the
wind at 2 B B Steaming P.M. B. P. and Sea

Monday 10th Commenced with moderate winds from S B B
Lat 1-46 Steaming by the wind at 1 P.M. B. P. and Sea
Log 42-00 Steaming P.M. B. P. and Sea
the same to 2000 latter part of the day at 4 P.M.

Tuesday 11th Commenced with moderate winds from
Lat 1-48 Steaming by the wind and in the morning
saw whales and landed one boat and
the was fortunate enough to get to 230
barrel whale while he was standing he
his flukes with his fork just out of
water 2000 yds. they were very all
and took him along side at 4 P.M.
and landed them with the ship's boat
latter part of the day and commenced
cutting and finished at 12 o'clock to 2000

Wednesday 12th Employed in cutting up 2000
Lat 1-44 Latter part saw whales and landed all
Log 43-14 3 boats and 2000 and got 2000 up to
to the assist boat and made him along side
at 10 P.M. and finished cutting at 10 P.M.
to 2000

May 18 34 Of the Galapagos Islands

Thursday 13th Commenced with moderate P.M. winds
Lat 1-50 Cruising Employed in cutting children
Log 44-00 and in the morning saw 2 large whales
a Steamer and some ships and landed all
3 boats and after some time the assist
boat got one down in 1000 and
he landed out her line and went off
with the line and a crew but he
him a new line the first we have lost
the Vice and saw the crew
of all 3 whales as far as we could see
and after cutting and Steaming same
time the Capt. got 1000 lbs whale and
took him along side at 12 o'clock to 2000

Friday 14th Commenced with moderate P.M. winds
Lat 1-53 and Employed in cutting and finished
Log 45-00 at 4 P.M. and saw 2 very large whales
of whales but two later to 2000 and in
the morning saw the crew alive with whales and
landed all 3 boats and one of the boats put
and from the Capt. got first to 230 lbs whale
and from the assist boat 200 lbs
whale after the and the Capt. put forward his
to land hand to kill him but he landed
out 400 fathoms of line and went off with
the line and they pulled up to him and gave
him 2 lances but no blood in his throat
and he went to the windward and took the
whale along side and pulled up to the
windward with all 3 boats but he got
out of sight and while the boats
were off they fell in with 2 sharks
and got 2 crew whale so we have
got to 2000 and last 2 that will make
1800 lbs and these we got 800 lbs to 2000

Saturday 15th Commenced with moderate P.M. winds
Lat 1-56 and Employed in cutting and finished
Log 46-00 at 4 P.M. and saw 2 very large whales
of whales but two later to 2000 and in
the morning saw the crew alive with whales and
landed all 3 boats and one of the boats put
and from the Capt. got first to 230 lbs whale
and from the assist boat 200 lbs
whale after the and the Capt. put forward his
to land hand to kill him but he landed
out 400 fathoms of line and went off with
the line and they pulled up to him and gave
him 2 lances but no blood in his throat
and he went to the windward and took the
whale along side and pulled up to the
windward with all 3 boats but he got
out of sight and while the boats
were off they fell in with 2 sharks
and got 2 crew whale so we have
got to 2000 and last 2 that will make
1800 lbs and these we got 800 lbs to 2000
