

Off the Island Mocha Wind

- April 17. 1830 Light breeze many hump backs North
 18 Calm thick foggy weather Mocha north 10 miles
 19 Light breeze stood off and on waiving N.W.
 for fog to clear off. Latter brisk winds North
 20 Brisk winds and thick fog stood in for
 the Island to see if the whales had lit in N.W.
 again saw one wrought Whales
 21 Strong winds thick rainy squally weather
 stood in about 2 miles Dist from the island North
 saw no wrought whales were ship to west
 Mocha in sight N.E. 20 miles Dist
 22 Light breeze and clear weather at 4 P.M. N.E.
 were ship Mocha bearing E.S.E. 4 miles Dist
 now conclude to have the Is. and cruise
 else where middle part employed in
 getting ready to go into St. Maria latter
 part Mocha in sight bearing E.S.E. Dist 8 leagues
 in this last northerly gale I have experienced
 a strong current setting to N.E. at the
 rate of 2 knots per hour

Whales for the last 30 days seem to be scarce about
 this neighbourhood a circumstance not common I must
 sincerely hope

In Tongue Bay

- May 24. 1830 Light winds fair weather at 1 P.M. S.W.
 finished morning ship sent the boats South
 into the bay to look for whales
