We are now 27th month out 400 sp 70
Whale and no prospect of getting any
things more as I see but I hope
for the best and one thing is certain
we shall be at home in 6 months
oil or no oil God willing and
so for a whale boat and I will
run a clam boat from Socum
river to New Bedford if I only find
my wife & children well that
is all the blessing I can ask
Leaving their & my fate in
the hands of God close
Amen
