

Thursday Eve March 27<sup>th</sup> 1852

O home O home where the morning  
of Life was spent where a mother and  
Father Love was bestowed and nurturing  
hands were anxiously looking forward  
for my welfare & for the day of  
boyhood past and gone that never  
to be returned: O for the home where  
dearly the wife of my bosom the loving  
and the beloved and the dear play  
of <sup>sons</sup> cling around her if there is  
bleeping for any on this earth may God  
alot a large share of it to them
