Lost in April about the 13th 1857

Burke Wain. The day before he was lost
he was in the cabin waiting for me he was
well to all appearance it is strange to me how
he had a fight the night before he was
lost the man that he fought with was
the first that reported his lost and the
last man that saw him living. I hope
to see some of his friends some day.
William D. Bull was a Good Boy and
