

816 Pulver Skates

January 31 1867 Ship Unwarped

There seems to be waist paper so I will take the liberty to scratch a little for a few lines I fear my book will be full before I get home then I shall have to give up sketching at the present ³¹ I know of five or six from it with thick fog steering ³¹ but for Cape Horn to pass the Cape by the 10 of February ³¹ before I have good winds and then shall look at shell time for sperm whale ³¹ as to get home by the first of May or pleasant time of year Inyan Key land will be pleasant ³¹ for my family so well I plan my self or pleasant ³¹ to move sketching to day one day later in the month following fair wind with fog and rain the good onward doing all ³¹ to get home saw several Albatross and other Birds and some ³¹ help
