Your letter of the 15th is at
hand and contents noted. And I hasten
to reply in my reply to do away with false
impressions

As regards the sale of oil you
were notified to that effect by a meeting
of the owners being called in the Providence
& further on when you were here on the
13th but you said nothing about changing
your oil but recognized the sale at that
time. As regards the price of oil you
mentioned in your letter it is well known
that there has not been any such sale
made

Yesterday there was a sale made in
Boston of 400 bbls at 113 cts 6 mo but added
which is not as good as 110 cts Cash
