Tuesday February 7th 1832. In the morning went to Havana in Brig Agenoua's boat and went to see about Capt. Work's clothes but the washer when he directed me said there was none at that place. At the request of Capt. Work in the afternoon I hired a Volant in the Regla having come down there with Mr. Perry and Mr. Cole and went again to see him and found him very low and much worse than yesterday. Returned to the Regla and lodged at Mrs. Perry's.

Gray being so much unwell, at his request in the afternoon I went ashore with him, and took a Volant and attended him to the Hospital. Saw there Capt.
