

Journal at Sea 1844 N. Pacific.

July 5th Tuesday morning fair and pleasant with light breezes from the S.W. steering N.W.W. with all sail in the afternoon calm with nothing in sight Latitude Longitude 17° 6'

July 6th Wednesday morning fair and pleasant with light breezes from the southward steering N.W. we raised the sail of our lee beam

standing towards sunset. At 8 P.M. when the moon was showing whales and after dinner we

lifted off for her and toward dawn the Larion and waist boats beat and did not fasten to and the boats came on board and we left away for the ship.

She was laying aback cutting in a whale and lowered down the mainboard boat and went along side and she proved to be the whale ship Young Bers of

maintained 26 months out of her. Latitude 29° 34' N.

July 7th Thursday morning fair and pleasant with light breezes from the S.W. steering N.W.W. with all sail in the afternoon we

raised the sail of our lee beam and went along side and she proved to be the whale ship Young Bers of

maintained 26 months out of her. Latitude 29° 34' N.
