

since you left. But he paid me quite a compliment in telling me that the house looked as though it was forsaken. your garden looks finely I have watered the trees and kept the gates shut and tried to do as near right as I could.

I received a letter from William on the fourth. it was written the fifth of April. just out from Galapagos here is Susan G. I guess she wants to see Aunt Clara by this time. although she does not love me much Benjamin took your letter out of the Office but was not going to send it to you immediately. so I sent it to him. for as I know you would be in great haste to get it with as soon as you receive this. and let it know what Peter had to say. as there was no other letter from him. we shall not know until we hear from you.

I will write you more particular soon about everything at home. but am in great haste now. I am now as the mail will be closed.

Yours in haste
