

it is now March 28 and I am on shore at
Honolulu my ship is ting off and on and it blows
so hard that I cannot get off without getting wet
and I have a bad cold so I stop, I until better
weather when I can get off dry. tel sis she must be
a good girl and take good care of Pessa her dear
brother I receiv'd her letter and was verry glad
to hear she had been so smart as to get her quilt
done next time she must say in her letter what
father must buy for her. Susan I shedrick Dilton
is hear and I have been on board of the bal
to day to se her he has sent home 300 barrels
oil by the Haverly a clipper ship of Boston
if you want money you can get it there
or to Mr Howlands as you choose. tel Pessa
that James is a smart young man
and if he is sick I will take care of him
and I shall hold her to her bargain to take care
of you give her my respects and thank her for
her good wishes altho I think there some se-
fish which is natural give my love to our
parents tel your mother not to work to
hard and that I long to se her now may god
bless protect the wife for my Bosom Peter. Bromwell.
