Respected Friend
Capt Peter Cromwell

I received yours
from the Islands this spring we have
fell in with your opinion as it re-
pects the good ship Remainder going
another season before coming home
I think as you do if you should not get
full this season I think your chance
by going south will be good for filling
and be at home in September and that
will be in time to fit her for another
season. Capt Crosby would have liked
to go out to the Islands and take
charge of her in looking it all over
my opinion seemed to incline to yours
Capt Crosby has now engaged to go
in the ship Annina of Edgartown
Church has sold the Singaruk and
bought the Jemima Scott of New London
and Clove is going in her Capt Daniel
Wood is going in the ship Navy.
Isaac Howland jr & Co kept the William
Hamlington here all winter and will
last month for Capt West that is
in the Isaac Howland last voyage I
