

believe the belongs at your place. The
returned a few days ago sick Penga
and about your family to day your
brother said they were well;
This spring Beef & Flour was so high
I concluded to order it from San
Francisco Flour was \$1.3 Beef \$1.7 and
freight \$3.75 so I ordered fifty Bbls to each
Ship of Beef & Pork 25 Bbls of Flour
and have received an answer that
he has purchased it and shall ship
it this month to Gilman & Brynton
at Lahina it is to be marked for each
ship if there is more than you want
I will turn it over to the Ohio as she will prob-
ably have to stay another season I ordered
him to buy none but the best of Provins
likewise Flour I thought they could
buy a better article there than you
could at the Sandwich Islands I hope
it will prove good. if Capt. Burdett
should want any of your assistance
please render it I was sorry he was
so unfortunate last season I have the
utmost confidence in him and was glad
to hear you say he was all right he wrote
us he should not come to the Islands this
spring so I did not write him I was sorry
I did not as it turned Yours Respectfully
